Dear Strawberry Grower:

I wish you were a little closer so I could drop in and tell you about our strawberry plant nurseries.

Our nurseries were planted early and are making excellent growth. The plants have started to make runners.

The "Full Facts Strawberry Plant Tag" will be on every box of plants. Now you can be sure of the nursery where your plants were grown, the elevation and date plants were dug.

We have made a trip through all the strawberry growing areas in California to learn the growers problems. We are doing everything possible to help you get plants that will give you more production.

Our prices are as follows:

Lassen (White Tag Certified)	\$16.00 per M
Lassen (Selected Stock)	\$15.00 per M
Lassen (High Altitude)	\$17.00 per M
Shasta (White Tag Certified)	\$16.00 per M
Shasta (Selected Stock)	\$15.00 per M
Solana (Selected Stock)	\$15.00 per M

I guarantee that you will be very well pleased with our plants, bearing the exclusive "Full Facts Strawberry Plant Tag."

May I suggest you place your order now and make sure of a dependable supply of plants.

For your convenience please use the enclosed green postal card to order your plant requirements.

Sincerely,

Forest V. Rycraft
